SCHEDULE

MEMORANDUM OF UNDERSTANDING

with respect to an "Agreement Between Supreme Headquarters Allied Powers Europe and Belgium Relating to the Establishment and Operation of the International School at this Headquarters"

The Member Countries of the North Atlantic Treaty Organization have noted:

- (a) that an Agreement has been entered into between the Supreme Headquarters Allied Powers Europe (SHAPE) and the Kingdom of Belgium (hereinafter referred to as the Contracting Parties) for the establishment and operation of an International School for dependent children of the Staff of the Supreme Headquarters, consisting of:
 - an international School Unit, established by Belgium;
 - national School Units, established by those participating nations who have elected or may, in future, elect to operate such Units, and
 - a General Services Unit.
- (b) that the Member Countries, or at least such of them as have dependent children attending the School, are expected, individually, to bear the costs of the National School Units which any one of them has established or may establish and, collectively, to contribute to the financing of the General Services Unit of the School.

2. The Member Countries recognize that the Agreement can only be made effective with their co-operation and financial support. They have accordingly expressed the wish to be identified with this Agreement. To

do so, it is necessary for them to reach understandings with the Contracting Parties that will safeguard the sovereign rights of the Member Countries as adherents to the Agreement.

3. These understandings affect the interpretation of certain clauses of the Agreement and other conditions of a financial nature not specifically provided for in the Agreement, as they affect the General Services Unit of the School, as follows:

A. Financial responsibility - A Member Country will be bound to contribute to the financial support of the General Services Unit of the School only in regard to those school years in which it has dependent children in attendance at the School, and the reference to "participating nations" in Article 9(a) of the Agreement shall be interpreted in this sense.

B. Cost-Sharing - The cost-sharing of the approved expenditures of the General Services Unit of the School between the participating Member Countries is to be fixed annually for each financial year as follows:

- (a) In those years in which they have children in the School, Belgium will pay 3.00 per cent and Greece 0.39 per cent of the expenditures of the General Services Unit.
- (b) The other participating Member Countries will cost-share the remaining expenditures of the General Services Unit proportionally on the basis of the school population by nationality, less the children of Belgian and Greek nationality. The method of determining the composition

of the school population is to be decided by the Budget Committee.

- C. Financial Year - The School's financial year is to be from 1 September to 31 August.
- D. Financing of the General Services Unit of the School - The financial requirements of the General Services Unit of the School, as recommended by SACEUR, will be referred in the form of an annual budget, and supplemental budgets if required, to a Budget Committee composed of representatives of participating Member Countries for consideration and approval.
- E. Rules of the Budget Committee - The Budget Committee will lay down its own rules for conducting its business, but specifically it will observe the following rules:
- (a) Each Member will be appointed by his respective Member Country with power to vote and to commit his Government.
 - (b) Decisions will be taken by unanimous vote.
 - (c) Its Chairman will be selected from among members of the Committee and will have power to vote and to commit his Government.
- F. Handling of Funds - The Budget and Finance Division of SHAPE to be responsible for calling up contributions and for making them available to the Director General of the School, according to justified funds requisitions. The Administration of these funds to be handled in accordance with the NATO Financial Regulations, except as otherwise authorised by the Budget Committee.

G. External Audit - All accounts of the General Services Unit to be verified by the International Board of Auditors of NATO who will report their findings to the Budget Committee.

H. Amending the Agreement - Proposed amendments of the Agreement by the Contracting Parties to be submitted to Member Countries for comments, and any amendments made to the Agreement to be submitted to Member Countries for information so they may withdraw their adherence to the Agreement if they cannot accept an amendment.

4. This Memorandum of Understanding will become effective between the Contracting Parties and Member Countries when:

(a) SHAPE, on behalf of the Contracting Parties, informs the Member Governments in writing that the Contracting Parties can accept the conditions of the Memorandum; and

(b) the Member Governments of NATO, except France, Iceland, Luxembourg and Portugal, inform SHAPE in writing of their willingness to adhere to the Agreement.

5. France, Iceland, Luxembourg and Portugal would also be expected to adhere to the Agreement as a condition precedent to children of their nationals attending the School.

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 4th February, 1969.

The Committee of the Privy Council have had
before them a report from the Minister of Defence
Production, representing:

That the Department of National Defence has
reported surplus to the requirements of the Crown its
supply depot at Weston, Ontario;

That the land was acquired during World War
II to accommodate certain plant additions required for
wartime production;

That title was granted to the Crown for \$1,
subject to an option reserving unto the grantor a right
of first refusal or the right to receive compensation
equal to the fair market value of the land;

That United Co-operatives of Ontario, through
assignment, has acquired

- (a) the right to exercise the said option in
respect to certain portions of the said
supply depot known as the Guard House,
the Canteen and the South Wing, involving
approximate land areas of 0.08, 0.44 and 1.72
acres respectively, being part of Block "A",
Plan 1933, County of York; and
- (b) ownership of an area measuring 56 feet by
59 feet joining the Guard House and Canteen
properties, leased to the Crown for 99 years;

That United Co-operatives of Ontario has offered
\$15,001 for the land and "improvements" known as the Guard
House and Canteen properties, for the land known as the
South Wing and for a quit-claim of the aforesaid 99 year
lease, with the added stipulation that the Crown remove
the building on the said South Wing land;

....2

- 2 -

That according to expert opinion, the buildings or structures standing on the said land parcels add very little, if anything to the overall value;

That, in the opinion of officers of Crown Assets Disposal Corporation, the said offer of \$15,001, under the circumstances, constitutes acceptable compensation for the Crown's interest in said properties; and

That it is considered the sale and quit-claim as aforesaid are in the public interest.

The Committee, therefore, on the recommendation of the Minister of Defence Production, pursuant to the Surplus Crown Assets Act, advise that Your Excellency may be pleased to authorize the Minister of Defence Production to sell the land described above, upon provision by the Minister of satisfactory descriptions of the said parcels of land, and that Letters Patent do issue

- (a) to United Co-operatives of Ontario, with head office at the Municipality of Metropolitan Toronto, conveying all the right, title and interest of the Crown in and to the said Guard House, Canteen and South Wing properties, for the sum of \$15,001; and
- (b) quit-claiming the Crown's interest in the 99 year lease of the said parcel of land joining the Guard House and Canteen properties.

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Minister of Indian Affairs and Northern Development reports as follows:

That title to portions of Lots 5, 7 and 8, Group 5, in the Yukon Territory, described Firstly in the Schedule, and title to the lands described Secondly in the Schedule, presently stand in the name of The British Yukon Railway Company, a body corporate, duly incorporated under the laws of Canada, having its head office in the City of Vancouver in the Province of British Columbia;

That the said Lot 5, Group 5, Yukon Territory, was granted to Harvey Graham by Letters Patent dated March the 3rd, 1900;

That the said Lot 7, Group 5, Yukon Territory, was granted to Hance James Logan by Letters Patent dated March the 3rd, 1900;

That the said Lot 8, Group 5, Yukon Territory, was granted to John Hislop by Letters Patent dated March the 3rd, 1900;

-2-

That each of the said Letters Patent contained the following condition: "Provided always and it is an express condition of this grant that if the said lands be at any time hereafter surveyed into Town Lots, or if the same within 10 years from the date of these presents are used or occupied as a Townsite or part of a Townsite within the meaning of clause Two of the Regulations governing the administration of Dominion Lands in the said Territory, as confirmed and declared by an Order of Our Governor General in Council bearing the date of the 7th day of July, 1898, then there is reserved from the said lands and there shall revert to Us and Our Successors one-third of the said lands, such one-third to be selected in the manner provided by said clause Two of the said Regulations";

That the said lands which are situate within the limits of the City of Whitehorse, have been surveyed into Town Lots and the said the British Yukon Railway Company now desires to have them subdivided for commercial, industrial and residential use;

That the said The British Yukon Railway Company will be required to dedicate those portions of the said lands necessary for streets, lanes and other municipal services for public purposes;

That the said The British Yukon Railway Company has advised that if title to one-third of the lots on the said lands will revert to the Crown upon completion of such a subdivision, and the portions of the said lands required for streets, lanes and other municipal services must be dedicated for public purposes, there would be insufficient lands remaining to justify the expense of a survey and development of the property;

That the said The British Yukon Railway Company has requested that it be granted all the reversionary right, title and interest of Her Majesty in right of Canada to the one-third of the lots on the lands described Firstly in the Schedule and in consideration therefore, has undertaken to convey or caused to be conveyed to the Commissioner of the Yukon Territory, the lands described Secondly in the Schedule, which latter lands are required for streets, lanes and other services; and

-3-

That development of the lands described Firstly in the Schedule for commercial, industrial and residential purposes would benefit the City of Whitehorse, and it would be in the public interest to grant the request of the said The British Yukon Railway Company.

THEREFORE, His Excellency the Governor General in Council, on the recommendation of the Minister of Indian Affairs and Northern Development, pursuant to section 4 of Territorial Lands Act, and notwithstanding clause 2 of Regulations governing the administration of Dominion Lands in the provisional district of the Yukon confirmed by Order-in-Council made on the 7th day of July 1898, is pleased hereby to authorize the issuance of Letters Patent granting a quit-claim of all right, title and interest of Her Majesty the Queen in right of Canada in the lands described Firstly in the Schedule hereto to the British Yukon Railway Company, a body corporate, duly incorporated under the laws of Canada, in consideration of the said The British Yukon Railway Company conveying to the Commissioner of the Yukon Territory, free of all encumbrances, the lands described Secondly in the said Schedule.

SUBJECT:

To amend the Airport Operating Subsidy Policy which was approved by P.C. 1967-26/1837 dated September 28, 1967, by qualifying the requirement that the Class I or II Service be provided by aircraft exceeding 25,000 lbs.

PROPOSAL:

To continue to pay an operating subsidy to municipalities and public bodies operating airports at which the carrier reduces the size of the aircraft to a type weighing less than 25,000 lbs. but otherwise continues an equivalent frequency of service. The amendment would apply from the date the reduced size of aircraft is introduced on the airport, to December 31, 1969.

REMARKS:

Quebecair introduced Twin Otters in lieu of DC-3's in their operations to various airports in the North Shore of the Gulf of St. Lawrence. The introduction of new types of aircraft, such as these, will result in some municipal airports being served by aircraft of less than 25,000 lbs., a requirement of the present subsidy policy. It is felt that an airport which is now receiving a subsidy should not lose the subsidy merely because the airline(s) serving it introduces newer but smaller aircraft.

The Department is making a review of the airport subsidy policy, and this is expected to be completed during the period covered by this requested amendment.
